

PBS Systems is currently seeking an entry level Forms Programmer. The forms programming team works with our customers (automotive dealerships), and manufacturers to generate and maintain forms to be used in the automotive industry.

**Responsibilities will Include:**

Write programs to generate forms  
Maintain forms base for manufacturers and clients  
Work with our internal support team on customers forms concerns

**Qualifications Needed:**

Post Secondary diploma or degree in computer science  
Ability to troubleshoot problems  
Aptitude for independent learning  
Fluency in written and spoken English  
Experience with VB6, QBX, and Microsoft Suite of Products  
Excellent time management skills

Relevant work related experience is not required but dealership experience is a great asset.

This posting is for the Calgary office only
